
CABINET ORDER GUIDE

Let us help you save on unnecessary work. When you're more efficient, you can invest your time on other pressing tasks.

We are now equipped to cut all cabinets and shelves, edge band and line bore.

Our cabinets are **FRAMELESS**, also known as **EUROPEAN**. Cut out for toe-kicks on base cabinets and tall cabinets are included. Choose from 4" or 4 1/2" toes. Alternatively, you may request no toe kick cut out.

All cabinets are custom made according to your measurements and specifications. Below you'll find our standard universal specifications. However, cabinets can be modified/altered upon request.

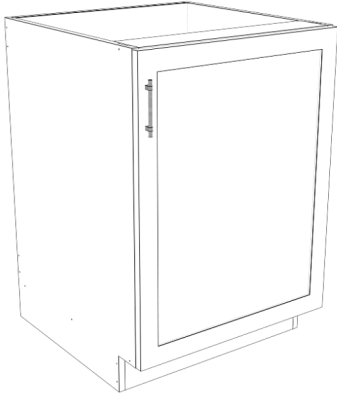

Universal Specs:

- **Material:** 3/4" Birch Plywood or White Liner Plywood.
- **Finishing:** 1 Side interior finished on boxes. 2 Sides exterior finished on shelves.
- **Backing:** 1/4" Plywood + nailers.
- **Shelves:** All cabinets come with adjustable shelves, unless otherwise noted. Please refer to the order form for shelf quantity. Shelf pins are included. The EB on shelves match their material finish.
- **Drawer Boxes:** Dovetail drawer boxes with undermount soft-close slides.
- **Doors:** Soft-close hinges for doors. Please refer to our website or brochure for available door styles. Doors can be finished or raw. Cabinets can be ordered with no façades.
- **Rollouts:** Available upon request.
- **Finished Sides:** Are available. Please note your requirements on the order form.

How to Order:

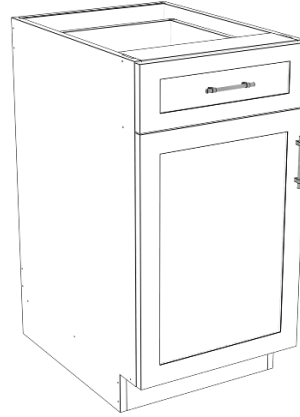

1. Fill out our **EUROPEAN CABINETS** order form.
2. Select Material, Finish Color, and Door Style (if doors are needed).
3. Select **Type of cabinets with code**.
4. Once the form is complete, please fax or email it to us for a final, detailed quote.

BASE CABINETS

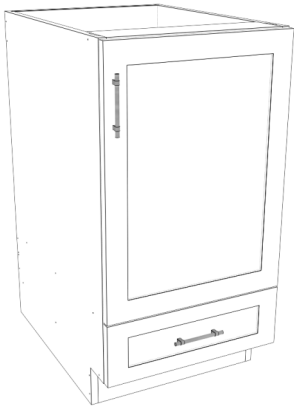

BC 100

- 1 Full height door
- Width 9" - 24"
- Shelves and rollouts available upon request

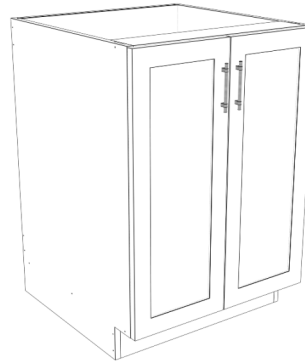

BC 120

- 1 Full height door / 1 (6") drawer face
- Width 12" - 24"
